

## Susan's NICU project

If people have left over yarn and want a small project to do from time to time they could make premie hats and / or little blankies for the NICU at Marie Fareri Hospital. I know the Chaplain there and from time to time I bring her things for the babies.

People ask for measurements or patterns. Patterns are your choice but I am including measurements that the nurses requested.

Baby hats : 11 1/2 inches

Blankets : 8 1/2 x 11 inches

Large blankets : 11 x 17 inches

Isolette covers : 18 x 40 inches

If anyone is interested, your contributions would very welcome in the NICU.

Thanks,

Susan
